Product Description

DeWalt 60V MAX* Brushless Cordless 9 in. Cut-Off Saw

Perform fast single pass cuts and scores in concrete, pavestones, steel, and rebar with this 60V MAX* Brushless Cordless 9 in. Cut-Off Saw. The cut-off saw delivers up to 6,600 no-load rpm with its high-performance brushless motor while the 9 in. wheel allows for cuts up to 3-1/4 in. deep. Get power and runtime feedback during demanding applications with the integrated heavy-load indicator light and rotate the saw as you work using the 5-position guard to choose the best cutting angle for visibility and mobility in confined spaces. For protection in harsh jobsite conditions, the onboard battery box can be latched, sealed, and is large enough to accommodate the DCB615 battery (battery sold separately). This versatile saw features built-in WIRELESS TOOL CONTROL™ functionality which is designed to enhance runtime and worksite productivity by allowing it to be linked to other compatible tools and operated cord-free. This power tool is OSHA Table 1 Compliant for dust management with the dual-sided water feed system and it is Tag Ready™ so users and companies can simply attach a DEWALT Tag™ and track its location via the DEWALT Tool Connect™ app. Tag is sold separately.

Features:

- GET REAL-TIME POWER AND RUNTIME FEEDBACK to help you manage your output with an integrated heavy-load indicator light
- OSHA TABLE 1 COMPLIANT for dust management with dual-sided water feed system
- BUILT FOR DURABILITY AND EFFICIENCY: All-metal drivetrain requires no belts to maintain or adjust saw tension
- HIGH DEPTH OF CUT: 3-1/4 in. cut depth for single pass in pavestones, rebar cutting, and concrete scoring
- ENGINEERED FOR VISIBILITY AND ACCESSIBILITY when cutting in tight spaces with a 5-position guard to adjust cut angle

- PERFORM HORIZONTAL AND VERTICAL CUTS with an adjustable, 3-position front handle

Includes:

- (1) DCS692 9 in. Cut-Off Saw
 - (1) DWAFV8918 Ceramic Metal Cut-Off Wheel
 - (1) DWAFV8900 Diamond** Cutting Wheel
-
