Categories: [STIHL Mowers](#)

Product Description

Features

Kohler HD Series™ HD 775 OHV Engine -Kohler technology maintains engine power for a cleaner cut, even in tall grass.

Vario Drive (V) -The simple Vario Drive enables the operator to select their ground speed.

Aluminum Mowing Deck -The corrosion-resistant aluminum mowing deck is optimized for airflow without the added weight.

Ball Bearing Wheels -The sealed ball bearing wheels are designed for long life.

Spring-Assisted Single Point Height Adjustment -Each mower features seven cutting heights adjusted from a single location.

Polymer Grass Bag -The polymer grass bag is designed to improve operator comfort and features a closed top and back along with downward angled side vents to reduce dust exposure. In addition, when the grass bag is empty, the indicator is flipped up to indicate the bag is not full. The indicator will flip down when the bag is full.

Mono-Comfort Handlebar -The state-of-the-art mono-comfort handlebar allows for quick access to the grass bag as well as easy height adjustment and convenient, foldaway storage.

Rubberized Soft-Touch Handle -Soft rubber texture is both easy to grip and makes the product comfortable to hold for extended periods.

0% Financing on Entire Purchase!

Featuring a mono-comfort handlebar that allows for convenient, unobstructed access to the polymer grass bag, the STIHL RM 655 V is a durable mower

ideal for homeowners. The handlebar folds flat for convenient storage or maintenance, and the polymer grass bag directs air and dust away from the operator. The Vario Drive self-propel system enables you to select your ground speed. The STIHL RM 655 V gives you powerful performance and convenience.

Note: Not available for purchase or delivery in California
