Product Description

Gravely Pro-Turn® Mach One 60" Kawasaki® Zero-Turn Mower

Overgrown properties, stalky grasses, and wet conditions are no match for the MACH ONE. The tunnel deck directs clippings away from the blades, keeping them from getting bogged down.

Features may include:

- **Kawasaki® FX1000 EFI Engine** - Delivers powerful commercial-grade performance with electronic fuel injection for demanding mowing conditions.
- **38.5 HP Gas Engine** - Provides the horsepower needed to tackle overgrown properties, stalky grasses, and heavy mowing applications.
- **60" Fabricated Deck** - Offers wide cutting coverage and durable construction for commercial mowing operations.
- **High-Volume Output (HVO) Deck** - Features increased deck depth from the trim side to the discharge side to process greater material volume.
- **Constant Belt Tension (CBT) System** - Maintains consistent belt tension to help keep blade tip speed and cutting performance steady.
- **Tunnel Deck Design** - Positions the blades four inches back from the leading edge to lift grass before cutting for improved mowing results.
- **Commercial-Grade Construction** - Built to perform in challenging mowing conditions while delivering a clean, professional-quality finish.

Best Use

- **Heavy-Duty Commercial Landscaping** - Ideal for professionals maintaining large commercial properties, parks, and demanding mowing environments.
- **Overgrown Property Maintenance** - Designed to efficiently cut through tall grass, dense vegetation,

and wet mowing conditions.

- **Seasonal Lawn Care** - Achieve healthier turf by mowing at the [right time to mow in Mississippi](#) throughout the growing season.
- **Routine Equipment Maintenance** - Protect long-term performance by scheduling service with a trusted [lawn mower repair and maintenance shop](#).

Commercial 60-Inch Zero Turn Mower with Kawasaki EFI Engine

The Gravely Pro-Turn® Mach One 60 is engineered for demanding commercial mowing with a powerful 38.5 HP Kawasaki® FX1000 EFI engine, a durable 60-inch fabricated deck, High-Volume Output deck technology, and the Constant Belt Tension system for consistent cutting performance. This heavy-duty [commercial zero turn mower](#) is built for professionals who need reliable productivity in overgrown, wet, and high-volume mowing conditions.
