Product Description

Hustler TrimStar 36" Walk Behind Mower - 939496

Hustler's TrimStar® is a perfect addition to any commercial mower fleet. It makes access to hard-to-reach spots easy and is designed to help reduce operator fatigue.

Features

- **36" Commercial Walk-Behind Deck** - Compact cutting width designed for precision trimming and access to tight mowing areas.
- **Kawasaki® FS541 Engine (15 HP)** - Reliable gas-powered engine delivering consistent performance for commercial use.
- **TrimStar® Commercial Platform** - Built for professional mower fleets requiring durability and efficiency.
- **Ergonomic Operator Design** - Engineered to help reduce operator fatigue during extended mowing sessions.
- **Compact Maneuverability Design** - Allows easy access to hard-to-reach and confined mowing spaces.
- **Heavy-Duty Commercial Construction** - Designed for daily professional lawn care use and long-term reliability.
- **Smooth Control Handling System** - Provides stable and controlled operation across varied terrain.
- **Fleet-Ready Design** - Built for integration into commercial landscaping and maintenance operations.

Best Use

- **Commercial Landscaping Crews** - Ideal for professional operators needing precision trimming in tight areas.

- **Residential Property Detailing** – Perfect for finishing work around obstacles, edges, and landscaped zones.
- **Fence Lines and Tight Spaces** – Designed for hard-to-reach mowing areas where larger mowers cannot operate efficiently.
- **Daily Commercial Lawn Maintenance** – Supports fleet operations requiring dependable walk-behind performance with **mower maintenance tips** for long-term efficiency.

Commercial Walk-Behind Mower for Precision Cutting and Fleet Use

The Hustler TrimStar 36" Walk Behind Mower delivers dependable commercial performance with its 36-inch cutting deck, Kawasaki® FS541 15 HP engine, and ergonomic operator-focused design. Built for maneuverability and durability, it provides efficient cutting in tight and complex mowing environments. This [reliable walk-behind mower](#) is designed for professional landscapers who need precision, comfort, and long-term fleet-ready performance.
